Training

Jeppesen FAA/NAA Dispatcher Certification

Jeppesen Dispatcher Certification training is designed for commercial, corporate, and military aviation operators who wish to standardize their operational control environment and improve dispatcher effectiveness through training.

This program prepares applicants to take the FAA or other NAA written, oral, and practical exams, leading to issuance of the Aircraft Dispatcher license. Training is globally standardized at all Jeppesen locations; however, each location includes regional differences that are required by regulators for licensing.

Course content

The Jeppesen Dispatcher Certification program includes training on all Dispatcher and Airline Transport Pilot License fundamentals, plus practical dispatching skill sets. Programs can be tailored to fit different operational specifications.

Benefits

- Jeppesen is recognized as providing best-in-class training for operational control personnel.
- Jeppesen has the capability to offer courses worldwide, including FAA/NAA conversion courses.
- The quality of internal training programs is improved by using Jeppesen-trained dispatchers.

Value

- Increased dispatcher job performance through a quality certification training program.

- A reliable training partner delivering a steady stream of qualified dispatchers.

Prerequisites

- Proficiency in English
- Visa (if applicable)
- 21 years of age

Training locations

Jeppesen Academy training is available at Jeppesen, Boeing, and partner facilities worldwide. Upon request, courses may also be taught at customer facilities.
